

Dear Students,

We have updated Blackboard to the latest version.

There are a couple changes that are very important.

1. The new URL (web address) will be <http://nwculaw.blackboard.com>. Please take note of the new address; you may need to update any bookmarks you have made.
2. Students and Faculty members will need to add a prefix to their existing username. The prefix is "nwcu.". For example, if your user name was josm then your new user name would be nwcu.josm. Your password remains the same.

Please let us know if you have any questions.
